

Josie, beloved Hope dog of Becki Vance

Josie joined our family when she was five years old. In 2008 she became a therapy dog with Hand in Paw (Birmingham), shortly afterwards she earned her Canine Good Citizen certification. During 2011 she joined HOPE AACR as a comfort dog. Each December from 2012-2015 she played the role of "Grandmothers Dog" in the Birmingham Ballets production of the Mutcracker. From 2010-2016 she was a model dog for TAER (Technical Animal Emergency Response) helping to teach First Responders pet first aid. Our sweet gentle little Josie was a loved family member and friend to many. She brought joy to all which knew her. She will be truly missed. Thanks to HOPE AARC for the opportunity for Josie to spread some extra love.
