

Kenzie, beloved HOPE dog of Denise Julian, PSW

Kenzie loved people and, like most Golden's, would nudge and prod with her nose until you gave her a pet. Her loving nature helped so many people and will be remembered by many she touched.

In April 2006, Denise and Kenzie traveled to New Orleans to provide support and comfort to people still recovering from the devastation of Hurricane Katrina. Kenzie touched many people while deployed in New Orleans.

Kenzie was a much loved crisis response and therapy dog, and will be greatly missed. The angels in heaven are rejoicing because they now have Kenzie.
